Profile

I'm Safwan, a Computer Science graduate from Yanbu Industrial College (Royal Commission for Jubail and Yanbu). I started in business analysis and application development during my co-op, turning a paper form into a web system with a tiered approval workflow and a database I designed from scratch. Today I am Public Relations & Marketing Manager and Head of Media at Al-Maqari Quranic Association in Madinah, where I also lead digital transformation, report and document automation, and archive rebuilding. As a volunteer I am developing the Ejaz Association's web portal, and I teach Arabic to non-native speakers on Preply. I combine writing code with a real understanding of what management needs, and I build Arabic, right-to-left solutions the way they should be built.

Experience

Ejaz Association for Studies and Scientific Research — Oct 2026 – Present

Executive Advisor, Corporate Communications & Digital Transformation (volunteer)

- Designing and developing the association's web portal, ejaz.sa, to replace a WordPress site and serve around 30,000 users
- Admin panel with tiered permissions, encryption of sensitive data, an internal security review, and code managed on a protected main branch
- Set up the association's digital presence with one identity across seven platforms, and run its office

Al-Maqari Quranic Association, Madinah — May 2026 – Present

Public Relations & Marketing Manager and Head of Media (since Sep 2026); previously Public Relations & Marketing Officer

- Oversee the media department, the association's accounts, content plans and daily publishing
- Prepare final and periodic reports for donors, and contribute to and follow up on funding applications
- Lead digital transformation, including supervising the website's move to a custom build, running the online store, and auditing and securing digital assets
- Automated the archive and institutional reporting, and built official document templates
- Build partnerships and institutional communication, and draft official letters
- Keep the association's data current on regulatory and donor platforms

Preply — Oct 2025 – Present

Arabic, Quran and Tajweed teacher for non-native speakers (remote, part-time)

- 196 completed lessons with a 5.0 rating from 21 student reviews
- Over 167 teaching hours with 36 students (as of Aug 2026)
- Lessons tailored to each level using Al-Arabiyyah Bayna Yadayk, Noor Al-Bayan and Al-Qaidah An-Noraniah
